

STAY  
AT  
**KINNAIRD**  
CASTLE

This wing of the historic castle has been given a thorough makeover and now offers two luxurious adjoining apartments on the first and second floors which can be taken for parties of up to 16 people.

Whatever the reason for your gathering, a stay in the castle is guaranteed to be warm, welcoming and comfortable. The apartment configuration is ideal for shooting and fishing parties or for families to enjoy a milestone celebration.

---

The apartments occupy parts of the principal rooms and some of the main bedrooms of the Castle. Two separate living areas allow for a choice of kitchen and sitting room. There is also a dedicated dining room.

Downstairs there is a Gun room that can be made available for each guest to store all outdoor clothes

---

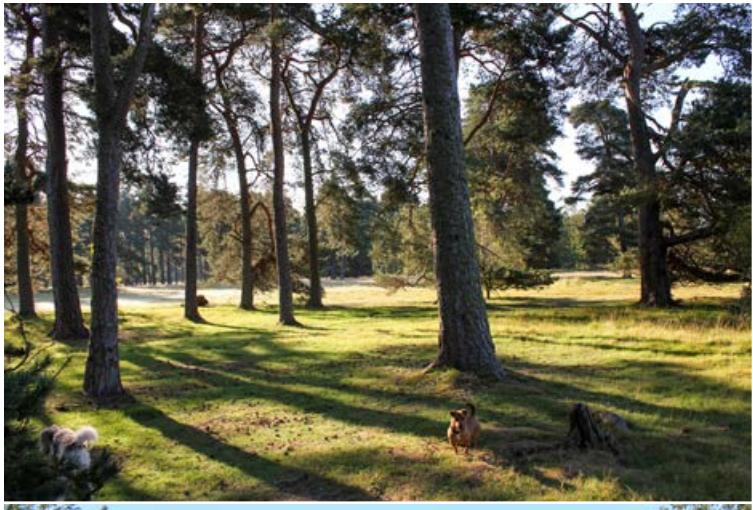

Each of the eight spacious bedrooms has its own character and story to tell.

All of them come with egyptian cotton sheets and generous towels. All have their own bathrooms. 6 are ensuite and most enjoy long vistas over the deer park where the red and fallow deer graze. They are furnished with antiques mixed with a few modern twists.

---

The Castle is an ideal base for the fantastic opportunities that Angus has to offer from the unspoiled market towns, dramatic coastline and fishing villages to the glens and golf courses. On the estate there are limitless picnicking and BBQ sites for lazy summer days.

For those brimming with energy we have a new selection of bicycles and maps with local routes and the estate paths provide a network of running and walking opportunities.

The apartments can be taken on a self-catering basis but if you are after total relaxation then just ask our Estate Office to order a three-course dinner, English breakfast for the following day and a complete tidy from our discreet and professional housekeeping team.

---

We hope to welcome you here at Kinnaird Castle.  
Let us tailor a stay to meet your needs.
